VOL. VII.

SEQUACHEE, TENN., THURSDAY, JULY 26, 1900.

NO. 52.

A NEW COUNTY COURT.

At the election August 2nd a new county court for Marion County for six years is to be chosen, and the importance of selecting our best citizens for the office of Justice of the Peace cannot be overestimated. The administration of the laws legally and intelligently helps all the people, and that is what should be striven for.

The town of Sequachee has set an example, which may be well followed by other places, that of uniting on a candidate whom its citizens know to be well equipped and qualified to perform the duties of the office, the magnitude and importance of which may be gathered by reading the Code of Tennessee, in which some 250 sections apply to the powers and duties of magistrates.

In presenting Capt. Roberson to the voters of the district we feel he honors them by accepting the nomination. He is a man of mature judgment and legal attainments, a good citizen and neighbor and one who may be relied on to do his duty as a magistrate and a member of the county court. We trust in the final outcome of this election we may be able to congratulate the people of the 4th district and the whole county on their good judgment in electing capable men.

Looking at the result of the wheat harvest the average farmer should feel anything but satisfied. Very few have made any money at all, and the majority have barely avoided loss. This fall the wise farmer warned by previous experiences and keenly alive to his business interests, will not invest so heavily in wheat. Variety in crops is the surest method of avoiding a disastrous failure.

In the general confusion that exists in political circles now the best thing for the intelligent voter to do is to vote for the man who is best qualified to perform the duties of the office to which he aspires. Such action could only result in the election of the best men.

We are in receipt of the Greenville Republican, the oldest republican paper in the state, and place it on our exchange list.

In conciseness of statement, in the thoroughness with which the ground has been covered, the Biggle Books have won praises on every hand. The boiled down, cream not skimmed method, which characterizes the pages of the FARM JOURNAL has been carried out in their preparation. For mechanical effect no expense or pains have been spared, and the highly finished paper, the beautiful illustrations, the excellent type and press work, and the handsome cloth bindings, make these books models of the printer's art. The color work in the Berry, Poultry and Cow Books has never before been attempted in any book selling at a reasonable price. No farm or rural home is complete without Judge Biggle's Books, and no one interested in these subjects can afford to let another day go by without sharing in the helpful things with which their pages are filled. Pay \$40 for a farm library other than this and you will not have more value. The price is 50 cents, by mail; address the publishers, Wilmer Atkinson, Philadelphia.

LOCOMOTIVE ENGINEERS

Hold a Delightful Picnic at the Blowing Spring.

The annual picnic of Lookout Division No. 198, Brotherhood of Locomotive Engineers and Pride of Chattanooga Lodge, No. 176, Ladies' Auxiliary, held at the Blowing Spring, Columbus Park, on Thursday last was a success in every particular, and the committee Messrs. J. M. Smith, J. M. McCollum, R. M. Smith and Mrs. James Stewart, Mrs. I. Pennebaker and Mrs. L. Priest are to be congratulated on the successful carrying out of their well arranged plans and selection of locality.

The regular train brought several hundred from points above and when the special train of fourteen cars rolled in from Chattanooga there was an expectant crowd of nearly a thousand waiting to receive them, and we estimate the total attendance at about 3,000. The orchestra took the platform and dancing was begun and kept up until time for dinner, and the contents of the well-filled baskets were systematically disposed of by parties of two, three, ten, and a dozen, grouped in the pleasantest places to be found, and the refreshment stands of the Ladies' Auxiliary and J. R. Houts were liberally patronized, while the spring contributed its share of pure cold water to add to the enjoyment.

The dancing and other amusements were then resumed and continued until 2 p. m. when Mr. Dorr Benn, chairman of the day, called the assembly to order, and introduced Major Thomas H. Hill, of Sequachee who welcomed the visitors to the town and valley. He was followed by Col. Foulins Fort, of Chattanooga, who spoke eloquently of the aim and objects of organized labor and particularly of the organization of Railroad Engineers and showed how by attention to the principles of brotherly interest, it had become a leading organization, which was honored and respected as shown by the assemblage of the day. Hon. Joseph Wassman, Mayor of Chattanooga, was then introduced and made a pleasant address expressing his gratification at being present and enjoyment of the day and the beautiful surroundings. Mr. J. B. Hawkins then took the stand and made a capital address answering many objections to labor organizations and interspersed his address with many enjoyable anecdotes. The points made by the speakers were all applauded. Then the dancing was resumed, and the phonograph man, the taffy man, "Lookout Peter," and others were patronized. The baseballists went off and played a game of ball, and everybody did their best to enjoy themselves in their own way. At 4:30 the regular train took away those who had come down in the morning, at 5:30 the excursionists began to wend their way to the train and at 6:30 the train pulled out for Chattanooga with a happy crowd who were a unit in declaring they had spent a pleasant day.

Among the prominent Chattanoogaans who accompanied the party were Mayor Wassman, Hon. M. M. Hope, Col. Fort, Hon. J. F. Shipp, J. B. Hawkins, W. C. Hall and others, all of whom spoke enthusiastically of the good order, the pleasant time, and the beautiful surroundings.

The Lookout division has a membership of 125 members and the Ladies' Auxiliary a membership of 55. The Brotherhood of Locomotive Engineers in this country has a membership of over 40,000, of whom 33,000 carry life insurance. The present headquarters of the order are at Columbus, Ohio.

It is believed the organization and its friends will come again and

when they do they are sure of a hearty welcome.

NOTES OF THE DAY.

"All right! Look out, Peter!"

The lemonade and lunch stands did a hustling business.

Mr. S. C. Byrnes exhibited his Plymouth Rock chickens here Thursday. We have seldom seen more perfectly formed birds and Mr. Byrnes did well to show them.

Col. Fort, who is a consistent friend of the working classes, very pertinently said that a man could live better on \$500 a year in Sequachee than on a \$1,000 a year in Chattanooga, but no man is expected to build a home and support a family on less than a dollar a day.

One Chattanooga man just before leaving Thursday went down to the spring and drank six glasses of water, remarking that he was going to carry off enough of Sequachee's delicious water to last him a week.

An amusing incident is told by a gentleman who attended the engineers' picnic on Thursday. Candidates galore were there. Among the number was Mr. Hawkins, the republican candidate for sheriff. Col. Fort had just concluded an address when Mr. Hawkins arose to address the crowd. He had just gotten back to the time of Fulton when the band struck up a lively waltz.

"Get your partners for a quadrille," shouted a strong, and, some thought, familiar voice. The stand was instantly filled with dancers and Mr. Hawkins' speech was never concluded.

"Who did that?" demanded somebody on the stage indignantly. "Tom Mack," said a bystander.

To the Voters of Marion County:

After having served you as faithfully as I possibly could as sheriff for the last two years, I again ask for your consideration and support in the August election. With the experience that I have gained in serving the public for the last two years, I feel that I am qualified to fill the office in a more efficient manner than I could before I had had experience as an officer. I have done the official work of the sheriff of this county at less than one-half the expense to the people that it has been in former years, and if I am elected again, I promise to discharge my duty faithfully and in such a manner that no one will have just cause to regret having supported me. Owing to the fact that I have to attend to official work, I regret very much that I will be unable to see all of you before the election, but I assure you that I will appreciate your help very much indeed.

Your friend,

R. J. BROWN.

S. B. Patton.

Mr. Patton, who is a candidate for Justice of the Peace in this district, has a military record of which he may be justly proud. He enlisted Sept. 8, 1862, in Co. F 5th Cavalry, and served continuously until August, 1865, nearly three years. He participated in all the engagements of that famous regiment, Dickenson Pike and Truine in 1862, Stone's River, Nashville, Lookout Mountain, Chickamauga and Chattanooga, and others, later. Born in this county, he is honored and respected.

To Establish a High School.

Laconia, N. H., July 14, 1900. Maj. Thomas H. Hill, Sequachee Valley News, Sequachee, Tenn.

Dear Sir:—

I notice your article in last week's issue of the News advocating the establishment of a county high school at Sequachee, and asking if the owners of the Hotel Quincy cannot be induced to donate the building and grounds under proper conditions and restrictions.

Earnest and long continued efforts have heretofore been made by us to establish a high grade school in this very building. Of one of these efforts, and of how near it came to be a success, you were well aware as you were zealously engaged in it. Of others, equally as earnest and promising at times, no public mention has been made because for one reason or another, they all so far have failed. I have a larger volume of correspondence on this subject than I have on any other which has engaged my attention in connection with our Sequachee property.

You are also well aware from repeated conversations I have had with you that my object in covering the building with a substantial steel roof and taking other measures to preserve it, so far as our financial ability permitted, was not that we might continually use it for a store house, but rather to preserve it for some such public purpose, which we trusted the future would develop. We would now, in this way, gladly aid in establishing a county high school or other institution of learning under necessary conditions and restrictions as suggested by you.

Yours truly,

W. L. MELCHER

Citizens' Meeting.

A meeting of the citizens was held at the school house Saturday evening to consider the propriety of nominating a candidate for Justice of the Peace for the 4th district from this place.

The meeting being called to order Maj. Thomas H. Hill was chosen chairman, and Mr. G. Sherman, Secretary. Local issues were discussed fully and freely by Messrs. C. J. Gustafson, L. W. Gabel, M. C. Campbell, W. S. Pryor, and others of Sequachee, and Prof. Moore, of Jasper. On motion duly seconded Capt. James Roberson was unanimously nominated as a candidate, and he accepted the nomination in a neat speech pledging himself, if elected, to carefully follow the laws of the state in the administration of his office.

The meeting then adjourned.

A LIFE AND DEATH FIGHT.

Mr. W. A. Hines of Manchester, Ia., writing of his almost miraculous escape from death, says: "Exposure after measles induced serious lung trouble, which ended in Consumption. I had frequent hemorrhages and coughed night and day. All my doctors said I must soon die. Then I began to use Dr. King's New Discovery for Consumption, which completely cured me. I would not be without it if it cost \$5.00 a bottle. Hundreds have used it on my recommendation and all say it never fails to cure Throat, Chest and Lung troubles." Regular size 50c and \$1.00. Trial bottles free at W. A. Turner's, Victoria, and all other dealers.

Fourteen Dyer county farmers who saved their wheat on Sunday were released with a friendly chat from the judge.
